## Pik Rite's HC290 Tomato Harvester features:

- 48" Electronic Color Sorter
- 32" Discharge Elevator
- Gooseneck Hitch
- Gearbox-mounted Dual-hydraulic Pumps
- Disk Header Pick-up with Gathering Chains
- Disk Reversing Controls
- Dual-automatic Header Height Control
- Powered Dirt Vibrator on Header Chain
- Bar Cleaners
- Header Vine Assist
- Dual-forced Balance Shaker System
- Fully-lit Work Area
- Cool, White Sun/Rain Canopy (with Header Side Dust Curtain)
- Auto Leveler

The HC290 is equipped with a dual-forced balance shaker system that gently separates the plant from the fruit.

Color sorter options can be configured for maximum fruit recovery. Sorters perform at belt speeds up to 220 ft. per minute.
