HARVESTERS

At Pik Rite, we know that you expect each harvest to be abundant, whether you're growing tomatoes, peppers, cucumbers or carrots. That's why we've spent three decades developing harvesting equipment that enables you to:

- Efficiently gather more fruit with less waste and/or bruising.
- Safely and reliably work day and night, even during harsh climate conditions.
- Sensibly invest in machinery that works for your specialized needs.

Before your next harvest, invest in Pik Rite and reap the rewards many companies around the world have enjoyed since 1986.

COMPANY HISTORY

Pik Rite, Inc. is a 30-year-old manufacturing company. The company embraces a culture of communication and customer service that complements a long-standing reputation for quality and excellence. Specializing in vegetable harvesting equipment, agricultural equipment and truck bodies, Pik Rite products are recognized worldwide for superior design, durability and workmanship. Pik Rite operates from manufacturing facilities that encompass 67,000 square feet. Elvin Stoltzfus and Joe Yoder, Pik Rite's original founders, have diverse backgrounds in farming and welding shop activities. Pik Rite was incorporated in July 1986 and presently employs approximately 70 people.

190 Tomato Harvester

up to 40 tons per hour
32" electronic sorter
20" discharge elevator

240 Tomato Harvester

up to 50 tons per hour
40" electronic sorter
26" discharge elevator

290 Tomato Harvester

up to 60 tons per hour
48" electronic sorter
32" discharge elevator

Innovative engineering... ...Outstanding functionality

- Gooseneck hitch
- Remote flow controls
- Disk header pick up with gathering chains
- Disk reversing controls
- Overhead header lift
- Header vine assist
- Powered dirt vibrators
(available throughout machine)
- Gear mounted dual hydraulic pumps
- Bar cleaners
- Auto leveler
- Many options to fit your needs

Color sorter options can be configured for maximum fruit recovery. Sorters perform at belt speeds up to 220 ft. per minute.

Pik Rite harvesters are equipped with dual force balanced shaker systems that gently separate the plant from the fruit.

Pik Rite Vine Equipment

2000 Vine Windrower

The Pik Rite 2000 works with any vine-based crop and is independently adjustable to account for any variety of row spaces and track widths up to 72". The vertically-running belted chain allows the vine windrower to gently move fruit and vines. Manufactured with adjustable speeds (typically between 2-5 MPH), the Pik Rite Vine Windrower can be synchronized to ground speed, avoiding costly vine or fruit damage.

- TOOLBAR CONSTRUCTION
- MOUNTABLE UNIT BASE
- HEIGHT-ADJUSTABLE ELECTRO-HYDRAULIC CONTROLS (GREAT FOR HILLSIDES OR UNEVEN ROWS)
- ABILITY TO TILT LEFT/RIGHT AND UP/DOWN USING AN OPERATOR-CONTROLLED BOX

6200 Vine Diverter

The Pik Rite 6200 relocates fruit and vines to assist in opening a field for harvest and reducing the amount of trips required by the harvester.

- ELECTRO-HYDRAULIC CONTROLS
- OPERATES AT 3 TO 6 MPH
- FULLY ADJUSTABLE DISK HEADER
- 60+ HP TRACTOR RECOMMENDED
- SMALLER PIK RITE 6000 MODEL AVAILABLE

Pik Rite harvesters are the right solution.

Engineered to give you increased profitability and improved efficiency!
These harvesters will maximize your investment.

Innovation

State of the art engineering capability for your specific application!

Pik Rite can design customized harvesting equipment that fits your exact requirements, enabling your team to complete jobs more effectively and faster than before.

Pik Rite utilizes the most up-to-date design and manufacturing technologies. Our experts have the professional expertise in both the field and the design room to understand how to craft precisely the machine you want.

At Pik Rite, we have an outstanding reputation for producing a variety of customized commercial harvesting equipment.

190 Pepper Harvester

20,000 lbs per hour
40"-80" row capability
20" discharge elevator

Count on getting the highest yield possible from your pepper crops!

Bells, bananas, jalapenos, hot cherry peppers. Whether you plant in raised beds, on flat ground, or on plastic, the pepper harvester promises optimal recovery of your vegetables.

- SICKLE BAR OR DISK HEADER FOR SINGLE OR DOUBLE ROWS
- DUAL FORCED BALANCED SHAKER SYSTEM
- REAR CLEANING TABLE

190 Chili Pepper Harvester

up to 20 tons per hour
20" discharge elevator

Make this year's chili pepper yield your best ever with our proven technology!

Pik Rite's chili pepper harvester uses its patented design to strip your peppers from the stalk and comb the soil, gently lifting the peppers off the soil bed. It has been engineered with your needs in mind, featuring:

- 2-ROW STRIPPER HEADS
(ADJUSTABLE FOR 30"-40" ROWS)
- A ROTATING STAR CLEANING TABLE
(SEPARATES DEBRIS FROM CHILI PEPPERS)
- ENCLOSED PRESSURIZED INSPECTION AREA
(ACCOMMODATES A CREW, WHEN NEEDED)
- SCOTTS EVOLUTION SEPARATOR
(REMOVES STALKS, STEMS, STONES AND CLUMPS)
- INDIVIDUAL SPEED CONTROLS

190 Cucumber Harvester

2-3 mph
60" header intake
20" discharge elevator

3000 Cucumber Harvester

2-3 mph

90" header intake

125 bushel hopper capacity

3100 Cucumber Harvester

2-3 mph

120" header intake

200 bushel hopper capacity

Fill your trucks in record time with the Pik Rite Cucumber Harvester!

The Pik Rite Cucumber Harvester has been designed to ensure you reap higher crop yields than ever before. Processing crops at up to 3 acres per hour, it spits out leaves, vines and trash, leaving you with clean, high quality fruit.

- Gooseneck hitch
- 3000 Series operates at 2-3 mph
- 3100 Series operates at 2-3 mph
- Powered dirt vibrator
- Hedge Hog dirt removal system
- Hydraulic flow controls

8020 Carrot Harvester

36" cleaning table
32" discharge elevator
2-row head

8100 Carrot Harvester

36" cleaning table
32" discharge elevator
3-row head

Easily and efficiently harvest your carrots over challenging terrain.

- Gooseneck hitch
- Automatic header height control
- Row guidance
- Powered points
- Powered dirt vibrator
- Crowning unit
- 2-row head with 30" to 36" row spacing
- 3-row head with 17" to 30" row spacing
- Hedge Hog dirt removal system
- Hydraulic flow controls
